

Coffee GIFT SETS 2020

ITALIAN COFFEE AND SWEETS PROJECT

n Italy the day is defined by coffee rituals: a cappuccino with breakfast, a caffè macchiato — or two — as an afternoon pick-me-up, and espresso after dinner. And like any culture, that of Italian coffee comes with seemingly mysterious laws. Order a latte, and you'll receive a glass of milk (which is exactly what you ordered). Ask for a to-go cup or order a cappuccino after 11 a.m., and risk an instant tourist label.

The morning begins with a breakfast comprising a cookie paired with a delicious, milky coffee:

Cappuccino: equal parts espresso, steamed milk, and foamed milk

Caffè latte: espresso with more steamed milk and less foam Latte macchiato: steamed milk "marked" with a splash of espresso.

Italians often sip a caffè as an afternoon pick-me-up or after a meal. "Let's get a coffee!" Appropriate anytime, a caffè (or caffè normale) is simply an espresso, a small but strong shot of black coffee. It can come togethar with a dessert: specaility cookies, biscotti or during Holiday Time Panettone.

Over the centuries, Italians have created a variety of alterations to the powerful punch of espresso. Branch out by brewing Caffè Corsini pairing with Borgo de' Medici Cookies and Cakes.

Caffè macchiato: For the softer side of coffee, enjoy this espresso "marked" with a splash of frothy milk. Unlike the breakfast drinks, this lightly milky caffè can be enjoyed as frequently as caffè normale.

Caffè corretto: Literally translated to "corrected coffee," this drink features espresso with a splash of alcohol, such as grappa or sambuca.

Caffè americano: After trying drip coffee in the United States, Italians decided to offer tourists a taste of home. Their interpretation: espresso diluted with plenty of hot water.

Caffè lungo: This "long coffee" comprises espresso with a splash of hot water but is stronger than the americano.
